

Ready for a repot?

- Has your plant been in the same pot for over 1 year? Over 2+ years it may be time.
- Are roots swirling around the bottom of the pot?
- Do you constantly have to water your plant due to it drying out fast?

Not sure where to begin with your plants repot?

Bring your lovelies in for a bit of TLC! {Or email us with pics and questions}

Call to schedule or drop off your plants during regular business hours to pick up at a later date.

- **Plants should be on the drier side for a repot.**
- **Bring your own container**
 - purchase one of ours
 - or we can repot it into a basic cache pot with drainage holes. You can then set it into a decorative container later
- Pot size is determined by the plants root ball. Only going up 1-2" in size, as to not cause overwatering and root rot.

There is always a risk of plants going into shock when repotting. **We cannot be held responsible for the demise of your plant after our services have been done.** We will always give you instructions on caring for your plant after it leaves our hands and let you know what we may have uncovered during services.

If you prefer to do your own repot at home, we do have an assortment of soils and amendments bagged up for you or you can **mix your own soil** at our Soil Bar.

Repotting Charges <i>determined by diameter of pot</i>		
3" pot	\$3.00	1st one free with Google/Yelp/or FB review
